4.1 Description of first aid measures

| | |
|---------------|---|
| INHALANTION: | Remove from exposure to fresh air immediately. In case of lack of breathing, apply artificial respiration. Get medical aid if cough or other symptoms appear. |
| SKIN CONTACT: | Wash with water and soap. Remove contaminated clothes. If irritation persists or any tissue damage effect is apparent, obtain medical advice. |
| INGESTION: | If swallowed accidentally, do not induce vomiting. Rinse mouth with water and give 2 glasses of wate |
| EYE CONTACT: | Immediately wash out with plenty of water for at least 15 minutes, also under the eyelids. If irritation persists consult with an ophthalmologist |
